Health & Safety

Policy & Principles

> Build with Hemp Limited are committed to the prevention of injury and ill health and providing a safe working environment for our employees, contractors and others who may be affected by our activities.

We are committed to achieve the highest levels of health and safety performance through continual improvement.

We understand that the most valuable assets to this and any other organisation are the people that drive the business forward as such we consider that Health and Safety is an integral part of our business and has equal status to other aspects of our business performance. Appropriate financial and physical resources will therefore be provided to implement this policy.

We recognise that successful health and safety management can only be achieved with the support and commitment of our employees. All employees will be actively encouraged to take ownership of health and safety and empowered to assist in decision making. All employees and contractors will be made aware of their Health and Safety obligations and compliance with this policy is a condition of employment.

We will ensure that this policy is documented, implemented and maintained, and communicated and understood at all levels throughout the organisation.

Responsibility for health and safety are defined in our Health and Safety Management System which conforms to the requirements of ISO 45001. The day to day management of health and safety is a responsibility of managers at all levels but overall responsibility rests with the Managing Director in charge of Health and Safety.

To assist with the implementation of our health and safety management system, professional external advice will also be obtained where necessary

Michael Walker
Managing Director
